

Learn First: Shapes All Around Us

Look at each thing, say its name and its shape. Then turn the page and play! (1 of 2)

Clock

A clock face is a circle. The hands go round and round it.

Coin

Coins are circles, so they roll! This is an Indian one-rupee coin.

Pizza

A whole pizza is a big circle, cut into slices.

Chessboard

A chessboard is a square made of 64 little squares.

Dice

Each side of a dice is a square with dots from 1 to 6.

Sticky note

A sticky note is a little square of paper for writing reminders.

Samosa

A samosa is a crispy snack shaped like a triangle, filled with spicy potato.

Pizza slice

One slice of pizza is a triangle with a crust along one side.

Door

Most doors are rectangles: taller than they are wide.

Learn First: Shapes All Around Us

Look at each thing, say its name and its shape. Then turn the page and play! (2 of 2)

Envelope

An envelope is a rectangle that holds a letter.

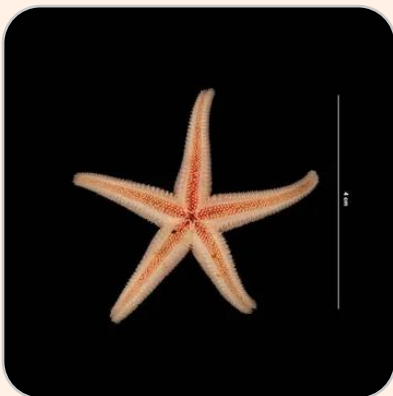

Egg

An egg is an oval, like a stretched circle.

Mirror

This mirror is an oval: round, but longer one way.

Starfish

A starfish is shaped like a star with five arms.

Kite

Many kites are diamonds, with four sides and pointy ends.

Heart cookie

These biscuits are hearts, the shape we use to say "I love you".

Match the Object to its Shape

Draw a line from each picture to the name of its shape.

Name: _____

Date: _____

•

• **Triangle**

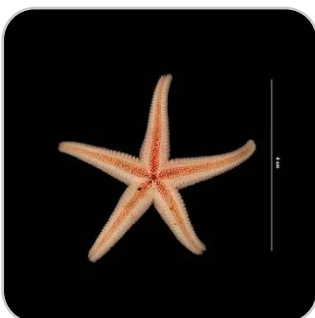

•

• **Star**

•

• **Rectangle**

•

• **Square**

•

• **Circle**

Circle the Right Picture

Read the name, then circle the matching picture.

Name: _____

Date: _____

Circle the **Coin**

Circle the **Egg**

Circle the **Kite**

Circle the **Door**

Circle the **Pizza slice**

Trace the Shape Names

Say the object, then trace the name of its shape.

Name: _____

Date: _____

Circle Circle

Square Square

Triangle Triangle

Rectangle

Oval Oval
